## Hurricane Ridge Kennel Club

November 2006  
Number 11  
Volume 20

### President's Message

I hope we've all had enough summer, fall has fallen. How time flies when you're unprepared

I'm sorry you didn't get more input on the holiday party sooner. Back in September, I thought we had lots of time. Don't worry I'm sure we'll have a fine meal in a great place.

We will have our annual pet food donation collection at the November meeting. It will be one less thing to get ready for the night of the party, and we can get the food to the food banks a little sooner. It will be delivered to the PA and Sequim food banks. If you have another preference, please tell us and it will be delivered there.

One thing I'd like you to ponder is the agility trial location. My preference is wherever the agility chair-person decides. There are benefits to both locations at Trail's End and locally here in Sequim. We do need to plan ahead, so if you have a preference or opinion please speak up soon.

The nominating committee should have a slate of nominees in this edition. There is plenty of time for a write in campaign! Mary Franden has a nice e-mail list that she would be happy to share if you would like to campaign.

*Joe Larson*

### Christmas Party December 6 is a Go!

The HRKC Annual Christmas Party and December General Meeting will be held at Bella Italia in Port Angeles. Bella Italia catered the Judges' Dinner this summer to good reviews.

### Nominating Committee Slate for 2007

Below is the slate of officer nominees.

President: Joe Larsen  
V-President: Mariko Saum  
Secretary: Mary Franden  
Treasurer: Ron Fye

Board:  
Nancy Tinker  
Melissa Smith  
Sarah Kincaid

I will prepare ballots with these names and also have a space for write-in votes and/or nominations taken from the floor at the Christmas meeting.

*Anne Andritsch*  
*Nominating Committee*

**HRKC Monthly Meeting**  
**Wednesday, November 15**  
**7 p.m.**  
**Greywolf Vet Clinic**  
**1102 E. Washington St.**  
**Sequim, WA 98382**

#### Program

Cheryl Smith will be talking about her new program Dog Scouts.

Dog Scouts is based on the Girl Scout and Boy Scout Clubs, but with dogs. Members attend meetings, do projects, and earn merit badges for participating in community projects.

Next summer, Dog Scouts will also be having a scout camp. Sounds like a lot of fun. One of the projects the dogs can do is paw painting..

### Awards Committee Requirement Changes

We have decided to drop the six (6) meeting requirement for awards. Members now have until the November meeting to give me their awards lists and nominations.

*Nancy Tinker*

26..... Boxing Day (Canada)

## Minutes HRKC September General Meeting

The September general meeting of the Hurricane Ridge Kennel Club was held at Greywolf Veterinary Clinic in Sequim at 7:00 p.m. on October 18, 2006.

### Officers Present:

Joe Larson, President; Mariko Saum, Vice-President; Ron Fye, Treasurer; Mary Franden, Secretary; Nancy Tinker, Board Member; Anne Andritsch, Board Member

An attendance sign-in sheet was passed around the room: 24 members and 3 guests were present.

The meeting was preceded by a presentation by Chris Cornell on the topic of local disaster planning efforts.

The meeting was called to order by President Joe Larson at 7:25 p.m.

Joe asked for a roll call of the members who were present.

### A. Approval of Minutes

Minutes from the September general meeting were approved as published in the newsletter.

### B. President's Report

Joe noted that several topics needed to be covered during the meeting, including: club awards, the annual Holiday Party, and a nominating committee to develop a slate of candidates for club officer positions for 2007.

### C. Secretary's Report

Nothing to report.

### D. Treasurer's Report

Ron Fye summarized club expenses, income, profits and net worth to date. The results of the fall agility trial are in, and the profit from that trial was about double the prior year's fall trial.

Ron also reported on additional funds moved to the Club's Certificate of Deposit. The treasurer's report was accepted.

### E. Report of the Committees

HISTORIAN: Anne Andritsch brought the photo album from the July All-Breed show, and thanked the members for sending newspaper articles for the club scrapbook.

MEMBERSHIP: Two new members, Dick and Loie Lindner, were voted in. There is an additional membership application pending that will be considered at a future meeting.

PUBLIC EDUCATION: Ron Fye reported that he has contacted local newspapers about having club information published.

NEWSLETTER: Patricia Pedersen asked that committee members update her on meetings scheduled and committee actions taken so that she can include the information in the newsletter. Please include "HRKC" in the subject line of any email message, so that she will be sure to spot it.

TRAINING: Chris Cornell said he has nothing new to report.

2007 SHOW CHAIR: Mariko Saum is following up on obtaining judge confirmations, and will report back.

FALL AGILITY TRIAL: Nancy Tinker reported that the fall agility trial in Olympia was well-received. The Club needs to decide whether to go back to Trail's End next fall, or hold the trial in Sequim.

She noted that Port Angeles has approved the construction of a Sports Center near the Civic Field. Construction should begin in 2007, and this may provide a better venue for us in the future.

Dates for both the spring and fall agility trials have shifted a week in 2007 -- a week later in the spring and a week earlier in the fall -- which might give us somewhat better weather. The club needs to decide by November whether either or both of our trials should be held in Olympia in 2007.

It was agreed that we will publish information in the November newsletter and present a motion in the November meeting to vote on Trail's End vs. Sequim for each trial.

PROGRAMS: Carolyn Money has not planned a program in

December because of the Holiday Party. She is looking into possible programs for early next year.

CLUB AWARDS: Nancy brought a sample trophy to show club members, and reviewed criteria for various club awards. The "Most Outstanding Service" will require a minimum of 6 nomination letters, due in to Nancy by November 1<sup>st</sup>.

The membership voted to accept the Awards Program and trophies as detailed in Nancy's presentation.

### F. Unfinished Business

NOMINATING COMMITTEE: A committee to nominate candidates for 2007 club officer positions was appointed, to include Anne Andritsch, Irene Snodgrass, and Chris Cornell, with Sarah Kincaid and Dixie Sick serving as alternates. The committee is charged with developing a slate of candidates and obtaining the agreement of the candidates to run, prior to the November general meeting.

BRED BY EXHIBITOR CLASS: The membership voted to approve a motion to hold a Bred by Exhibitor class on Saturday only at the 2007 All-Breed show. The exhibition-only Bred by Exhibitor Classes/Breeds/Groups/BIS are to be separated from the regular Classes/Breeds/Groups/BIS awards. One Club Member will be designated to have responsibility for all Bred-By ribbons and/or trophies, which will be handled separately from the regular class ribbon/trophies.

HOLIDAY PARTY: The membership voted to approve a motion designating Mariko to act in the club's behalf to obtain a venue, either Bella Italia or Downrigger, for the Holiday Party, at a cost not to exceed \$30.00 per person. It was agreed that the Holiday party will take place on the first Wednesday in December.

### G. New Business

CAVILIER KING CHARLES CLUB: Ron reported that the newly approved AKC Cavalier King Charles Club of NW Washington will hold

October Minutes continued from page 2

a meeting on November 4<sup>th</sup>. Bill Holbrook will be making the official presentation, and everyone is invited to attend. (Continued on page 3 top)

**BRAGS:** Please send brags to Patricia Pedersen for publication in the newsletter.

H. Meeting Adjourned

The meeting was adjourned at 8:50 p.m.

The next meeting will be held at Greywolf Veterinary Clinic on November 15<sup>th</sup> at 7:00 p.m.

*Respectfully submitted,  
Mary Franden, Secretary*

## Brags

My soon to be one year old puppy, Border Terrier Elwha's Etc. Etc. Etc., just took breed over specials on Sunday at the Ridgefield shows. She took the points on Sat. too. She needs two points to finish! It is fun to have a nice little girl to show.

She was shown by Ute Dedmore, the Skipperke breeder!!!!

*Charlotte Metzler  
Elwha Border Terriers*

Our black standard poodle Kodi showed in Rally-O Novice B this past Saturday and Sunday at the Chockanut Dog Training Association trials in Lynden.

He scored 99 Saturday to finish his RN title with a 4th place (21 dogs in the class and Kodi was the youngest), and he scored 99 again on Sunday for another 4th place rosette.

*Many thanks,  
Dick & Loie & Kodi Lindner*

## MEMBERSHIP NEWS

Membership information is constantly changing. The following includes changes or corrections that have been brought to my attention. PLEASE MAKE THESE CORRECTIONS ON YOUR MEMBERSHIP LIST!!!

If you need a copy of the membership list, please notify me @ tibetans@hughes.net.

- Fahlgren is Household membership
- Hostetler is Household membership
- Manser is now Individual membership/remove Penny's name

## LETTER TO CLUB MEMBERS

I understand that some of the club members do not feel we should try to do one of our agility trials in Olympia next year. I missed the last club meeting so I heard about the discussion from Nancy.

One of the reasons mentioned is that the club members didn't want to pay for a motel room or RV parking to go to their own trial??? If you are entering an agility trial, there are very few trials that you can park your RV for free...with power.

One of the reasons we (Nancy and I) wanted to take the one agility trial to Olympia is to have a larger entry to have more income for the club. Agility trials take money to put on, but they bring in a very good income for the club.

The fall trial did bring in more money this year, but if you balance it out from last year, it only brought up the net around \$1500.00. If we did it again next year, the income would be larger as more agility people would know about the trial. However, that is not the only reason we felt it was a good thing.

The time between the July All-breed trial and the September Agility trial is the warmest time of the year. That means that SOMEONE (named Chris) has to plan on watering the grass every week, change the watering area at least 3 times each day he waters, mow the grass (with his own mower or ours) every other week in that time and keep checking to be sure the teens

or whoever drives cars across the nicely mowed grass to make "wheelies", don't damage the grass too much. If there are deep wheel marks, Chris tries to fill them in so that they will be as level as possible by the time of the trial.

We also have to set up the snow fencing...once to try and protect the grass and then before the trial to set up the rings.

Of course when we ask for volunteers we always have the same 3 or 4 people that come out and do it. You know who you are and I thank you!!

Then we need to put up at least 3 of our large tents for the center of the two rings, along with 5 or so of the small pop-ups for the exhibitors. This is done the day before the trial and it is the same few people that always help at the agility trial.

Nancy stays that evening to be sure the wind doesn't take down the tents. If they do come down (which they have more than once)...she and usually a couple of our wonderful exhibitors try to keep them from tearing and set them back up in the morning. (That's because the darn wind does the damage around 2 or 3 in the morning!)

We also need to arrange to have the porta potties and waste management be out there. We need someone to empty the trash into the large container and police the grounds for the usual dog waste.

I would love to say the

whole club jumps in and does all of the above, but this is not the case. Some of you are unable to help at the times we need to do things. Others are not interested in agility and don't feel it is necessary to be a part of it. Both reasons are valid and understandable.

But please understand our position. We have been doing this for over 8 years, twice a year. We love to do agility and put on the trials, but it really is nice for once a year NOT to have all of the above to worry about. To just take the equipment trailer to an enclosed arena, set up the equipment and let the manager of the facility take care of the rest is great.

Of course, we don't just sit back and rest on our \*\*\*\*s. We do all of the paper work, bring our computers and printers to cover the AKC requirements, make sure the equipment is in good condition (and with Ron Fye and Joe Larson) make sure there are workers for all of the classes and the usual agility work.

It is still up to the club, but please think it over. We still have the April trial here for everyone to come out and enjoy. The September trial keeps getting smaller and smaller because the exhibitors don't really want to come out to an outdoor show that late in the fall.

We passed out slips of paper for the exhibitors to vote as to which place they would come to and there were only about 10 people out of the 40 that were turned in that would come

to Sequim. Some would go either place, but most would not. We would like to have the fall trial bring in at least as much money as the April trial does.

These trials (along with the all-breed show) are what keeps the club solvent so we can have shows.

Thank you  
Sharon Johnson

*You may call them fleas,  
But they are far more-  
I call them a vocation*

*My owner's mood is  
Romantic-  
I lie near their Feet  
I fart a big one*

## It's Jake with Him

The Bellevue Journal American reports that on July 1, 1996, a 34-year-old Bellingham, Washington man was collared by Kirkland police and their K9, Jake.

The man was found trying to break into storage units on NE 124th Street in Kirkland. When police arrived at the storage facility, the man attempted to flee, but stopped running when canine officer Jake gave chase.

Jake's handler called the dog off, but the man took off running again, prompting Jake to pursue and capture once again.

The man suffered minor injuries from a dog bite. He was found to be driving a stolen car with a loaded handgun in the vehicle. Score: Jake 1, bad guy, 0.

## Dancing Dogs on TV November 9

I just wanted to give everyone the heads up to watch Evening Magazine on Thursday evening on Channel 5, King TV, in Seattle, starting at 7 PM.... That is the date we have been given, so I hope it will air then...

At our WCFO competition on September 17th a TV crew came and recorded our inaugural WCFO event... It went along with a commentary on the life of a freestyle competitor Corinne Lawson. Prior to the competition, they visited Corinne in her home and got shots of her home life. They also attended a class where she teaches Freestyle and then wanted to show snips of an actual competition and awards ceremony.

None of us have seen it yet, so we don't know what to expect as to how long it is, what is covered or any of the particulars, but thought you might find it interesting to watch. In the event that I forget to record it, as I will be out for the evening, could one of you record it for me?

Maybe you will see why those of us in the sport find it so challenging and fun. Maybe some of you will even want to try it.

Don't forget. Thursday, November 9<sup>th</sup>, Evening Magazine at 7 PM, Channel 5 in Seattle!

Carolyn Money, Promise & Sunny (The Golden Dancing Gals)

## Ten Commandments for Pet Owners

1. My life is likely to last 10 to 15 years. Any separation from you will be very painful.
2. Give me time to understand what you want from me. Do not break my spirit with your temper, though I will always forgive you. Your patience and understanding will teach me more quickly those things you want me to learn.
3. Have me spayed or neutered.
4. Treat me kindly, my beloved friend, for no heart in all the world is more grateful for your kindness than mine. Don't be angry with me for long, and don't lock me up as punishment. After all, you have your job, your friends, your entertainment. I have only you.
5. Speak to me often. Even if I don't understand all your words, I understand your voice when it's speaking to me. Your voice is the sweetest sound I ever hear, as you must know by my enthusiastic excitement when your footsteps fall upon my waiting ear.
6. Please take me inside when it's cold and wet. I'm a domestic animal and am no longer accustomed to the bitter elements. I ask for little more than your gentle hands petting me. Keep my bowl filled with clean water; I cannot tell you when I'm thirsty. Feed me good food so that I may stay well, to romp and play and do your bidding, to be by your side, and stand ready, willing and able to share with you my life, for that is what I live for. However you treat me, I'll never forget it.
7. Don't hit me. Remember, I have teeth that could easily crush the bones in your hand, but I choose not to bite you.
8. Before you scold me for being lazy or uncooperative, ask yourself if something might be bothering me. Perhaps I am not getting the right food, I've been out in the sun too long, or my heart may be getting old and weak.
9. Take care of me when I get old. You will grow old too.
10. When I am very old, when I no longer enjoy good health, please do not make heroic efforts to keep me going. I am not having fun. Just see to it that my trusting life is taken gently. And be with me on that difficult journey when it is time to say goodbye. Never say, "I can't bear to watch". Everything is easier for me when you are there.  
I will leave this earth knowing with my last breath that my fate was always safest in your hands. I love you

## Puppy Pix New additions to our members' packs

### Potter

Here are a couple of pictures of "Hairy Potter", my new Cattle Dog. His Bentley mark on his forehead looks like a lightning strike so that was the idea for his name. He is out of Linda Bell's bitch Ch Austlyn Thatldu's HiVoltage and the sire is Ch Strathblue Aussie TopGun .

He is now 3 months old and believe me, I HAD FORGOTTEN ABOUT RAISING A PUPPY!!! They NEVER wear down. He thinks he is a monkey...loves to climb up on anything and anything loose on the floor immediately goes into his mouth including Nancy's Sheltie's neck and tail hair... that is still attached. He is smart as a whip...but then, I may be prejudiced.  
Sharon Johnson

### Lucy and Ann

What bites like a piranha, jumps like a kangaroo, and is soft as a Koala bear? Lucy, our Portuguese Water Dog, who arrived from Minnesota on October 6<sup>th</sup>. I am sure that all of you know about this breed but just in case here are a few facts.

At one time the Guinness World Book of Records listed the PWD as the rarest breed in the world. In the early 1970s it is believed that there were approximately 30 in the world.

They are in the AKC working group. In Portugal they were used on fishing vessels. They tendered nets and messages between fishing vessels. Today they are used as service and therapy dogs. Lucy's aunt Skye is working with autistic children in Minnesota. They also do well in the R.E.A.D. program, obedience, and agility.

They come in two types of coats: curly or wavy. Thankfully they don't shed!

These fuzzy faced creatures are real hams. They always want to be the center of attention and insist on being with their owner. They are positively wonderful

Ann Andritsch

### Cor'e (left) and Pal Sparky

Sparky and Marie Oakley would like to announce the arrival of their new addition to the family, Papillo "Ezze's Deliteful Cor'e. He is five months old. His sire is Nancy Tinker's Ch. Ezee Go For The Gusto (Gus).

Cor'e is a lovely boy with a wonderful personality and full of energy. At first, Sparky was wondering if that little thing was ever going home, but now they are good friends. The both have brought so much joy to my life and I thank God every day for them.

Marie Oakley

Tessa is going on four months now. She is very alert, is aware of anything and everything in her environment. She is a very curious little girl and it takes a little while for her to warm up to strangers.

Her sire and dam are very strong working dogs. Father "Pete" placed 8th in the Border Collie Finals in Klamath Falls this year.

She is also related to my other dogs and is well bred from Canadian lines. I think she will be a very strong herder.

She is starting to fit into our pack now, and her older relatives have decided she's pretty cute, except for Ross, my 12 year old. He runs and hides when he sees her.

Patricia Pedersen

### Tessa

### Keeper

Good action shot of Mary Franden's Collie Keeper during a herding instinct test.

She passed with flying colors.

## About the Havanese by Jennifer Haugland

**T**ruly a joy as a family companion, the Havanese is anything but a toy lap dog! The Havanese breed was established around the 19th century in Havana, hence the name. But the sweet, playful, even mischievous little toy is said to be related to the Bichon family and originated from crossings of the German or French Toy Poodle (brought over by the French to Cuba) the Bichon Frise, and the Blanquito de la Habana (brought over by Spanish explorers in the 14th and 15th centuries).

Havanese held a lot of popularity in the 18th and 19th centuries with the Cuban upper class. Eventually their popularity waned with the elite and the little dogs became more popular with the commoners and families of Cuba. Some Havanese earned their keep by herding the family chickens.

**A**s the Cuban Revolution progressed in the 20th century, the breed was in danger of becoming extinct. Three Cuban families who had several different bloodlines of the little Havanese escaped to the United States where they were recognized by Dorothy Goodale.

Dorothy and her husband were experienced breeders and purchased 11 of the Havanese from these three families and began to refine the breed according to the breed standard established in the FCI from 1963, including helping develop the first breed standard for the AKC. She established the first United States Havanese

breed lines in 1974.

In 1979 Dorothy, her husband and others also came together to establish the Havanese Club of America (recognized by the AKC in 1996). On January 30, 1995 the Havanese entered the AKC registry. Its first showing was allowed in the Miscellaneous Class February 1, 1996. Finally on January 1, 1999 the breed received full registration privileges with the AKC and was allowed to compete in the Toy Group.

What is interesting to note is that Dorothy Goodale and some friends split

CH Isabella Tisza

from the Havanese Club of America, reforming it to a new group called Original Havanese Club of America. While she had originally bred her Havanese lines to the FCI standard, in time she believed she needed to modify the standard.

Therefore there are actually 2 standards that exist for the Havanese in the United States: the Original Havanese Club of America and the Havanese Club of America (the latter being the recognized standard of the AKC). A copy of the

Havanese Breed Standard can be found at the following web link: <http://www.akc.org/breeds/havanese/index.cfm>

**T**he Havanese, as well as any breed, is always in jeopardy with breeding standards due to puppy mills and even sloppy breeding techniques. There are many "Havanese" that show up in the conformation rings which are not Havanese. Careful attention to responsible breeding to the AKC standard is a must and has the attention of many other serious-

Havanese standard so that these errors do not continue in the future and therefore hoping to keep integrity and pride in the pure bred we are so in love with.

The Joyous Havanese. Kathryn Braund. Kathryn Braund Publications, 2005.

CH Isabella Tisza, Havanese owned by Jennifer Haugland. Bred by Judy & John Maassen, Prairie Rose Kennel, Rock Valley, Iowa. Whelped January 6, 2005.

Isabella received her final champion point in Best of Winners, a 4-point major, with handler Dixie Sick at the Vancouver Kennel Club Show October 28, 2006. Isabella also just received her Therapy Dog International (TDI) membership for 2007.

Puppies will be sometime during Spring 2007 pending the passing of her medical tests and finding the perfect stud. If you are interested in the Havanese and would like more information, please contact Jennifer Haugland at 457-7157.

**T**here are many variations of the Havanese in the ring, some achieve Champion and actually do not resemble the standard. Havanese Clubs like the local Cascade Havanese Club formed in 2003 (covering Washington, Oregon and British Columbia) have spent extra time in attempting to educate judges on the

“ I have a great dog. She's half Lab, half pit bull. A good combination. Sure, she might bite off my leg, but she'll bring it back to me. ”

HRKC will not accept ads from  
businesses that sell live animals.

Articles and news items appearing in the HRKC newsletter are general interest items and do not necessarily represent the policies of the Hurricane Ridge Kennel Club of Washington, nor does their publication constitute endorsement by the HRKC.

Members are encouraged to submit articles of general interest and news of their activities. Deadline for submission is the first Wednesday of the month for publication in that month's newsletter. Photos and drawings will be considered on receipt and review. Please include a SASE when sending submission so they can be returned to you.

Send submissions to:
