Deb Dowd sent this picture of poison hemlock; take a close look around and avoid it! And keep the dogs away. It's poisonous for both people and animals: in animals, "symptoms include nervous trembling, salivation, lack of coordination, pupil dilation, rapid weak pulse, respiratory paralysis, coma, and sometimes death. For

both people and animals, quick treatment can reverse the harm and typically there aren't noticeable aftereffects. If you suspect poisoning from this plant, call for help immediately because the toxins are fast-acting – for people, call poison-control at 1-800-222-1222 or for animals, call your veterinarian.” For more details and help identifying it, go to <http://www.kingcounty.gov/environment/animals-and-plants/noxious-weeds/weed-identification/poison-hemlock.aspx>.

FOR SALE

Somebody asked a real good question recently about advertising items for sale here in the newsletter. Authoritative sources (our esteemed colleague Anne) replied:

Full page ad \$25.00; ½ page ad \$10.00; business card \$5.00 (per month)
Members may place a small ad at no charge.

So if you have something you want to share - and it takes less than a quarter of a page, send it to me and it'll go up! How cool is this!?

The World Dog Show

Now for a real treat! I've posted to the HRKC's website (hrkc.org/Shore_Moscow2016) Lorraine Shore's fabulous pictures and account of her trip to the World Dog Show in Moscow! Get your favorite beverage, kick back and join Lorraine for a great adventure!! And thank you Lorraine for the fabulous account. Sounds like an amazing trip!

BRAGS

“Keeper” aka Sunburst Fair N Square, showing off for his proud mom, Carolyn Money

In his first trial, in a class of 11 Novice B Rally Dogs, Keeper managed to rack up enough points to earn his RN title at the ARO trial... Hopefully we can continue to compete in Rally and Obedience as that lays a cornerstone for what we really want to do which is Musical Canine Freestyle.
