Belated Valentines Wishes!

Is there anything happier than a puppy smile? Many thanks to Carolyn Money for this 'money shot' of her Keeper!

They certainly are the winners in the Freestyle ring, aren't they? I was going through the photos people have sent, and found this and thought - hey! Perfect smile for this Valentine's cover!

SAVE THE DATE!

Miriam Rose will be our guest speaker at the Club's April 19th meeting. She will be discussing the new AKC scent work program. Many thanks to Anne Andritsch and Darla Lacy for arranging this.

Make Mini Omelettes For Your Dogs!

total time: 1:20

AKC Staff Writers | June 01, 2016

Learn how to make a delicious treat for your dog in a few easy steps. These mini omelettes are easy to make and vet approved.

Ingredients

- 2 eggs
 - Eggs are a great source of protein and can help an upset stomach. However, eating raw egg whites can give dogs biotin deficiency, so be sure to cook the eggs all the way through before giving them to your pet.
- ½ cup cooked salmon, thinly sliced, OR pulled grilled chicken
 - salmon is loaded with vitamins and protein
 - make sure chicken is skinless and boneless
- ½ green pepper, diced
 - Bell peppers provide beta-carotene and are high in vitamin C.

Directions

- 1 Lightly grease frying pan with a small drizzle of extra virgin olive oil.
- 2 Turn the heat for the frying pan to medium/high.
- 3 Crack eggs into a bowl and stir with fork until mixed.
- 4 Once the frying pan is heated, gently pour the mixed eggs into the center of the frying pan.
- 5 Tilt the pan to spread the egg mixture evenly.
- 6 Once the egg is halfway firm, sprinkle on the green pepper and salmon or grilled chicken.
- 7 With a spatula, fold the egg in half and allow to heat until egg appears to be firm.
- 8 Remove omelet from pan and place on plate.
- 9 Allow to cool and serve.

Although the AKC writers don't mention it, this would be a fabulous omelette to share with your dogs! I don't eat chicken in my omelettes, but the salmon? Oh yeah, bring it on!
